Mr. H. M. Shaver, Jr.
State Location and Design Engineer
Commonwealth of Virginia
Department of Highways & Transportation
1221 East Broad Street
Richmond, Virginia 23219

File: Roads

Dear Mr. Shaver:

The recent agreement between CIA and your Department provided for your support in providing road improvements to Route 123 at the Agency entrance necessary to accommodate the planned expansion of our McLean Headquarters.

This letter is a request to expand your analyses and concept designs to incorporate recommended improvements to the George Washington Parkway entrance that would encourage a net reduction in Agency traffic using the Route 123 entrance.

This increase in scope is a result of agreements reached with local citizens at a public meeting held on 28 June 1983. Representatives from your organization were present at this meeting and can provide additional information on issues raised.

The Agency will provide adequate funding to cover the additional costs incurred.

Sincerely,
